

Jarrold makes me feel like a valued friend. Nothing is too much trouble including taking taking extra steps outside the standard process to help provide me with a successful outcome. When dealing with Jarrold I know he is delivering the right solution. After our first successful transaction, I have no hesitation in recommending Jarrold and Chatham House Financial and will continue to utilise their services in the future.

Julie

The speed with which you came up with solutions and suggestions for my situation. I am also very impressed that you always phoned me back when you said you would, which is unusual these days!!! Very Professional. Thank you Jarrold.

Karen

Jarrold took complete control over a complex lending solution for me. Throughout the entire process I had complete confidence that Jarrold had a huge degree of knowledge of the lenders, their processes, and how to get the best outcome for me. I was kept informed the entire way throughout the process and couldn't have been happier with the outcome.

Craig

Jeremy was in all honesty excellent in every facet. He was responsive at all times and kept us informed throughout the process. His post settlement service has been exceptional, regularly checking in, ensuring we haven't had any issues or problems. I've already recommended him to my friends and family.

Arthur

From the first meeting Jeremy was professional and conducted himself appropriately whilst remaining friendly and approachable. His support and advice made the process a great deal easier and it's hard to picture how it would have gone had I gone with a different financial broker. I can foresee a lot of things going pear-shaped.. Jeremy is very passionate, a great listener and was very reassuring throughout the process. Jeremy successfully obtained a great offer and loan with due diligence and I highly recommend Jeremy and Chatham House Financial services for your broker/financial needs!
