

My wife and I have used Rob a number of times and his level of service, understanding of the market and communication is first class. I will continue to use Rob and recommend his services to all our friends and family.

Rob Cribb of Dare to Compare Financial Solutions has wowed my husband and I from the moment we were put in touch with him almost four years ago (we were referred by our friends Lisa & Jay). Rob is extremely efficient and is an expert on the various financial products available - there isn't a question he can't answer! We've now engaged the services of Dare to Compare twice and we wouldn't go anywhere else. Previously to working with Rob, we had used the mortgage broker services of a different company and it was a truly dismal and highly stressful experience - Rob is head and shoulders above the rest. Thanks Rob, you're a champion!

Robert has been fantastic in helping us improve our financial position. From the first time we used his services, to this most recent time, nothing has ever been too much trouble, no question from us too trivial. Highly recommend Roberts's services and we will never go anywhere else now.

Great person to deal with will always put your needs first - takes the hassle out of what is always the most tedious of processes Will get you the best deal and will follow up throughout the life of your loan

As a first home buyer I tried to educate myself as much as possible. However, it is difficult to gain a clear understanding of the actual loan application process and in my case an application for the first home buyers deposit scheme as well. Rob clearly has an in-depth knowledge of the financial world and made the application process stress free and run smooth from the beginning. Despite taking a long time to find a home Rob took the hassle out of sorting out extensions for my application. Rob was always available to answer my questions regardless of the time or day and provided reassurance that everything was ok. Nothing was too much trouble during the whole process and Rob made it easy to complete all the required paperwork. When it comes to buying a home whether it's your first or fifth, I can't recommend Rob highly enough to sort out all your financial needs.

Could not thank Rob and his team enough for all they have done for us to get us across the line with a home loan to purchase our first home. The process was long but made easy and understandable for people with little financial knowledge thanks to Rob. We will continue to use Rob and his team for any future financial planning/services we require and have already recommend him and his team to family and friends.

This was the second time that I have utilised Rob's expertise to finance a property. Rob advised us of products that were available for our specific needs as we were able to benefit from some concessions available for medico lending. He appreciated the fact that we were not always contactable through business hours and often would correspond outside of business hours or via email to ensure that we were informed during each step of the process. He made the process smooth and efficient, and ensured that we could exchange and settle without delay. I would thoroughly recommend his services for anyone purchasing or re-financing.

We were not sure where to start and felt overwhelmed until we met with Robert Cribb from Dare 2 Compare. From our first meeting everything was just that much easier. Robert helped us every step of the way and nothing was too much trouble for him. I would not hesitate to recommend his services to my family and friends.
