

## Testimonials for Diana McKenzie

The service received by Loanport was excellent, I couldn't have asked for more. I simply gave them the information they needed at the beginning and then they took care of the rest, keeping me updated along the way. All businesses should strive to operate like this.

I was referred to Diana by my lawyer, I had tried other mortgage brokers and I had no luck in getting a home loan. Diana managed to secure me a home loan and has worked with me over the last three years to keep me on track. Diana recently looked into getting me a better interest rate for my home loan and was successful. The rate that I am now on is unbelievable and will make life so much easier for me. I'll now be able to save for a holiday. As a single mum with two daughters Diana has made life for us easier and has been with us every step of the way. Diana is more than a broker she is an adviser, counsellor and friend. I have referred many family and friends to Diana and all have been very happy with the level of service provided.

This was the second time Diana has helped us to buy a house. Both times was a great experience. Di made the process very easy at quite a stressful time. Cannot thank you enough.

I was operating on a very outdated mortgage until Diana came into my life. With her help I was able to get my finances into a healthy state. I moved from a revolving line of credit and a maxed out credit card to a mortgage with no fees, a lower interest rate, a paid off credit card and savings. I couldn't hope for a better outcome and couldn't recommend Diana highly enough.

My refinance with Loanport was excellent. I was in a difficult position financially with a vacant investment property requiring funds for a renovation. Both Diana and her sister Cath were really in tune with what I needed and provided in a timely manner. The whole process only took two weeks! Thank you both I wish you all the best!

I liked the fact you came to my house to explain all my options and you were available on the mobile at any time if I had questions. Also helped me with dealing with a difficult estate agent.

Diana was nothing short of professional and courteous. As a young couple with multiple investments she helped us refinance our loans to ensure we were paying the lowest possible interest and saved us a significant amount of what would otherwise be wasted funds. Our family now enjoys a better return from our wages, which can now be put towards more enjoyable uses, rather than in lenders pockets.

Diana and Loanport have been a saving grace to me. When I thought that all hope was lost of ever getting a loan along came Diana. I now have paid out all my debt and have a home. Besides the home loan advice Diana has given me other financial advice and with her guidance I know that my financial future will be set.
